

REMARKS

The Notice of Drawing Inconsistency with Specification pointed out that "Figures 5.1 are listed in the Brief Description of the Drawings in the specification but not contained in the Drawings," and "Figures 5D are contained in the Drawings but not listed in the Brief Description of the Drawings in the specification."

In the specification, it is clear from the ordering of the drawings and from the detailed description that references to Figure 5.1 are describing the contents of Figure 5D. Therefore, applicant has amended the specification to replace 5.1 with 5D in paragraphs [0031], [0098], and [0119]. After entry of this amendment, the drawings and the specification are now consistent.
